

January 2025

Senior Civil/Municipal Engineer (P.E.)

(\$100,000 to \$175,000 annual salary, depending on qualifications)

Benton & Associates, Inc. (B&A) is a consulting engineering and land surveying firm of 40+ employees serving public and private clients throughout Illinois, Missouri, and the greater Midwest. After 50+ years in business, our employee-owned firm is looking to its future by recruiting both recent graduates and experienced professionals of a variety of backgrounds and skillsets.

B&A is seeking a candidate to fill a **full-time Senior Civil/Municipal Engineer (P.E.)** position located in **any of the following locations – Jacksonville, Illinois; Macomb, Illinois; Taylorville, Illinois; Kirksville, Missouri; or Rolla, Missouri**. The ideal candidate will have the ability to manage the design development of a variety of municipal infrastructure projects including water distribution and treatment, wastewater collection and treatment, local roads and streetscapes, storm drainage, and site development. The ideal candidate will quickly integrate within B&A's management team and become comfortable directing projects from inception through construction while improving and expanding our client relationships.

Responsibilities

- Lead engineering teams across all levels and disciplines within B&A to effectively complete project tasks.
- Produce engineering plans and specifications for local roads and streetscapes, water/wastewater infrastructure, site development, and stormwater infrastructure.
- Prepare planning reports and infographics.
- Perform complex engineering calculations, analysis, and product specification development.
- Maintain at least one high technical proficiency related to municipal engineering with the ability to mentor staff in that proficiency and raise the firm's capacity to acquire and perform these types of projects.
- Improve client relationships and consistently bring work to the firm with existing and new clients.

Minimum Qualifications

- B.S. in Civil or Environmental Engineering
- P.E. licensure in the State of Illinois OR Missouri or the ability to obtain licensure within 12 months of employment.
- 10+ years of experience in municipal infrastructure engineering including the development of engineering planning reports, plans and specifications, and performing construction engineering services.
- Experience with CADD software in developing infrastructure construction plans.
- High proficiency with Microsoft Office applications.
- Experience and comfort working in a team environment with the ability to manage multiple projects and meet various project deadlines in a fast-paced work environment.
- Familiarity and comfort working with municipal clients and presenting at committee and council meetings.

- Ability to quickly learn B&A business practices and effectively assist in managing client relationships through effective communication and delivery of quality work products.

Ideal Qualifications

- Experience utilizing MicroStation in infrastructure plan production.
- Experience with Autodesk Civil 3D or Revit.
- Prior participation within professional societies and organizations including serving on committees and presenting at conferences.
- Demonstratable experience developing new client relationships and marketing service offerings.
- Demonstratable experience in mentoring junior staff and accelerating their professional advancement.

Benton & Associates, Inc. strives to offer competitive salaries and performance incentives. Standard benefits for full-time employment include health and life insurance, flexible spending and health savings accounts, a generous 401k retirement plan, short- and long-term disability insurance, paid vacation and sick time off, seven (7) paid holidays, professional development and training, flexible work scheduling, and more. B&A's leadership recognizes the value each team member has in the firm's success and they aim to provide as much financial recognition to those contributions as possible.

Benton & Associates, Inc. is an equal opportunity employer. We are strongly committed to the recruitment, selection development, and promotion of all employees on individual merit. We continually seek to build and maintain a workforce that reflects the rich diversity of the population we serve. Our practice is to strive to provide equal employment, training, education, mentoring and advancement to all employees without regard to race, color, religion, gender, national origin, age, or disability. You are welcome to submit your resume at any time for consideration.
